

INTERNATIONAL SEMINAR FOR THE DISSEMINATION OF PROJECT RESULTS

held
in the Academy of Economic Studies in Bucharest, Romania

Representatives of partners present at the meeting as well as a series of representatives of external organizations took part in the seminar. Its main objective was to familiarize the wide public with the project results achieved so far.

A presentation about the project and its results was delivered by the project coordinator Assoc. Prof. Dr. Angel Smrikarov.

After the discussion the Rector of the University of Ruse, Prof. Hristo Beloev, greeted all participants in the seminar, emphasized on the big role of this project in the teaching of specialists in the field of modern Information and Computer technologies.

A certificate and a crystal prize “Best Partner” were awarded to all partners, with whom the University of Ruse has worked for many years in international projects, as well as to those, who actively participated in the project work by hosting meetings and conferences.
